OUR HISTORY

Founded in Dar es Salaam City, Tanzania, Kimfort Engineering limited is a registered company under BRELA with registration No. 154573453 set its foot as an electrical supply, Industrial automation, and equipment trading and services company. The company has earned a reputation for excellence and professionalism for continuously striving to meet -and even exceed standards which set the climate for a sustainable business relationship with its clients. As an electrical and Industrial automation solution specialist, we offer electrical power products ranging from transformers, switch gears, breakers, XLPE cables, panel boards, power meters, and switches. The company also offers control products such as variable frequency drive, soft starters, UPS, AVR, batteries, motors and even lighting fixtures. Our team is composed of technically skilled and highly dedicated personnel working cohesively to promote value-added solutions with a competitive pricing structure. To suit your needs.

We also engage in electrical product installations, testing and commissioning, preventive maintenance, automation, and energy saving solutions. Our commitment is to deliver outstanding results that will exceed your expectations. The company partners with some of the biggest manufacturers in the electrical industry to ensure high-quality products. Schneider Electric, Danfoss, Asia Brown Boveri (ABB), Siemens, are the trusted brands that we carry. Moreover, we continuously look for new products and enhance our services to serve our customers better. We look forward to providing our services and products to your company. Rest assured that we live by our service commitment.

ABOUT US

We are integrators: Our strengths & skills in Power transmission, distribution, Industrial automation & Machinery, Refrigeration (HVAC), Medical Technology and Project Management allow us to deliver complete solutions to complex problems.

Our clients tell us that one of the best things about working with us is that we are able to adopt to the business needs and information flow of the companies we work for, meaning we can offer value and services at any point in the engineering process.

**BRING WORLD TOGETHER
THROUGH ENGINEERING**

INTRODUCTION

PROJECTS

The Kimfort Engineering Ltd has provided multi discipline Engineering services and products to industrial Clients. Our company Fosters an innovative problem solving Environment that presents fast and flexible responses to client needs. The highly qualified team at Kimfort can offer complete engineering services and providing of any industrial automation product.

PEOPLE

At Kimfort we believe that the ultimateSuccess of any service, products or project hinges primarily On the quality of the people involved. We have therefore made recruiting and retaining talented personnel a corporate priority. Our group of dedicated personnel are second to none.

PRIORITIES

The Kimfort EngineeringLtd has been building long term relationships with customers through a commitment to on-time and on-budget delivery of services and products. Most of our assignments are repeat business or come through referrals.

Werecognize that even though superior customer Service is more than desirable, customer service alone cannot replace technical ability and experience in the consulting engineering field. As such, investmentin personnel training and professional development is another high priority.

OUR VISION

To become a centre of automation and power generation solution in Tanzania by continually enhancing value and supply customer demand to fulfil the market.

Kimfort Engineering firmly believes that electricity is the cornerstone of a high-quality life. There will be a never-ending need for products and services to harness and maximize its full potential and use. In doing so, we will be the best-in-class provider of top-notch electrical products and services.

Our Customers:

As a dependable and reliable distributor and seller of electrical power and control products and services.

As a proactive company capable of competing in all facets of the marketplace through constant improvement and innovation.

As a family-owned business that satisfies customers with easy and hassle-free transactions.

Our Employees:

As an employer who values the dedication and commitment of its employees.

As an innovative and technologically upfront company that ensures employee competence and advancement.

As an employer who guarantees a safe working environment.

As an employer who engages in training and certification programs to help employees progress in their personal.

Our Suppliers:

As a creative, experienced and top-seller of electrical products in the industry.

As a company who appreciates and recognizes that sustainable partnerships are essential to the company's success.

Our Industry:

As a partner that promotes collaboration by engaging in trade associations.

As a business that makes a difference to the quality of life through the impact of excellent products, services, and solutions.

OUR MISSION

Kimfort Engineering is committed to provide the highest quality products and services exceeding our client's expectations.

We shall continue to expand in equipment and facilities, and engage in training and certification programs to further serve customers with utmost excellence and professionalism.

As we carry out our mission, we shall be guided by values of integrity, reliability, commitment, and collaboration.

Our commitment to service is to Delivering Results, Exceeding Expectations

Why Choose Us?

CUSTOMER VALUE

We are dedicated to delivering the highest quality of workmanship, and by choosing Kimfort Engineering, you will have an experienced team of the best engineers, technicians, and other staff working to meet all your requirements with great customer service before, during, and after the job has been completed. Put Kimfort Engineering Co. Ltd to the test, you won't be disappointed.

OUR CORE VALUES

To improve our relationship management techniques, strategy, and vision. Integrity is demonstrated by focusing to, recognizing, and meeting client demands with high-quality, timely services and goods at a fair price.

Professionalism:

1

In providing professional service we are dedicated to competence, dependability and excellence. We believe that our projects are a reflection of who we are as a company

Teamwork:

3

We believe that an open culture characterized by mutual respect, sharing of ideas and a commitment to common goals contributes to the overall productivity of our firm. Our philosophy is that each team member plays an important role in our company by providing individual expertise and a distinctive perspective to each project that they are involved.

Efficiency:

4

We remain accountable to our clients for the efficient execution of any project. We will work to identify and execute cost savings wherever we can.

Customer Service:

5

We are dedicated to not only achieving, but exceeding, client expectations. Through a strong commitment to the above values, Rempel Engineering strives to set ourselves above the rest.

SERVICES

Specialists In Factory And Machinery Automation. Your Customized Solution Provider. Industrial Automation Specialists, FSMS+ | PLC | HMI | SCADA | OPC | CNC.

Support and services of Industrial Maintenance in Electrical installations of high and low tension, Automation and Engineering. Corrective and Scheduled For your next electrical installation, mechanical assembly or commissioning of an industrial automation system, choose KIMFORT ENGINEERING

OUR SERVICES

Electrical Engineering

Here, our main focus is on building and using machinery, gadgets, and systems that make use of electricity, electronics, and electromagnetic.

- 1 Electrical Buildings Design
- 2 Industrial and Domestic Electrical Installation
- 3 Induction Motor Rewinding
- 4 Ups Systems
- 5 Power Line Transmission
- 6 Earthing Installation
- 7 Lightning Protection
- 8 Power auditing

OUR SERVICES

Mechanical Engineering

Concerned primarily with the industrial application of mechanics and with the production of tools, machinery, and their products.

Lifts and Escalators 1

Medical gas installations 2

Pneumatic systems 3

Mining air conditioning 4

Boilers & ancillary equipment 5

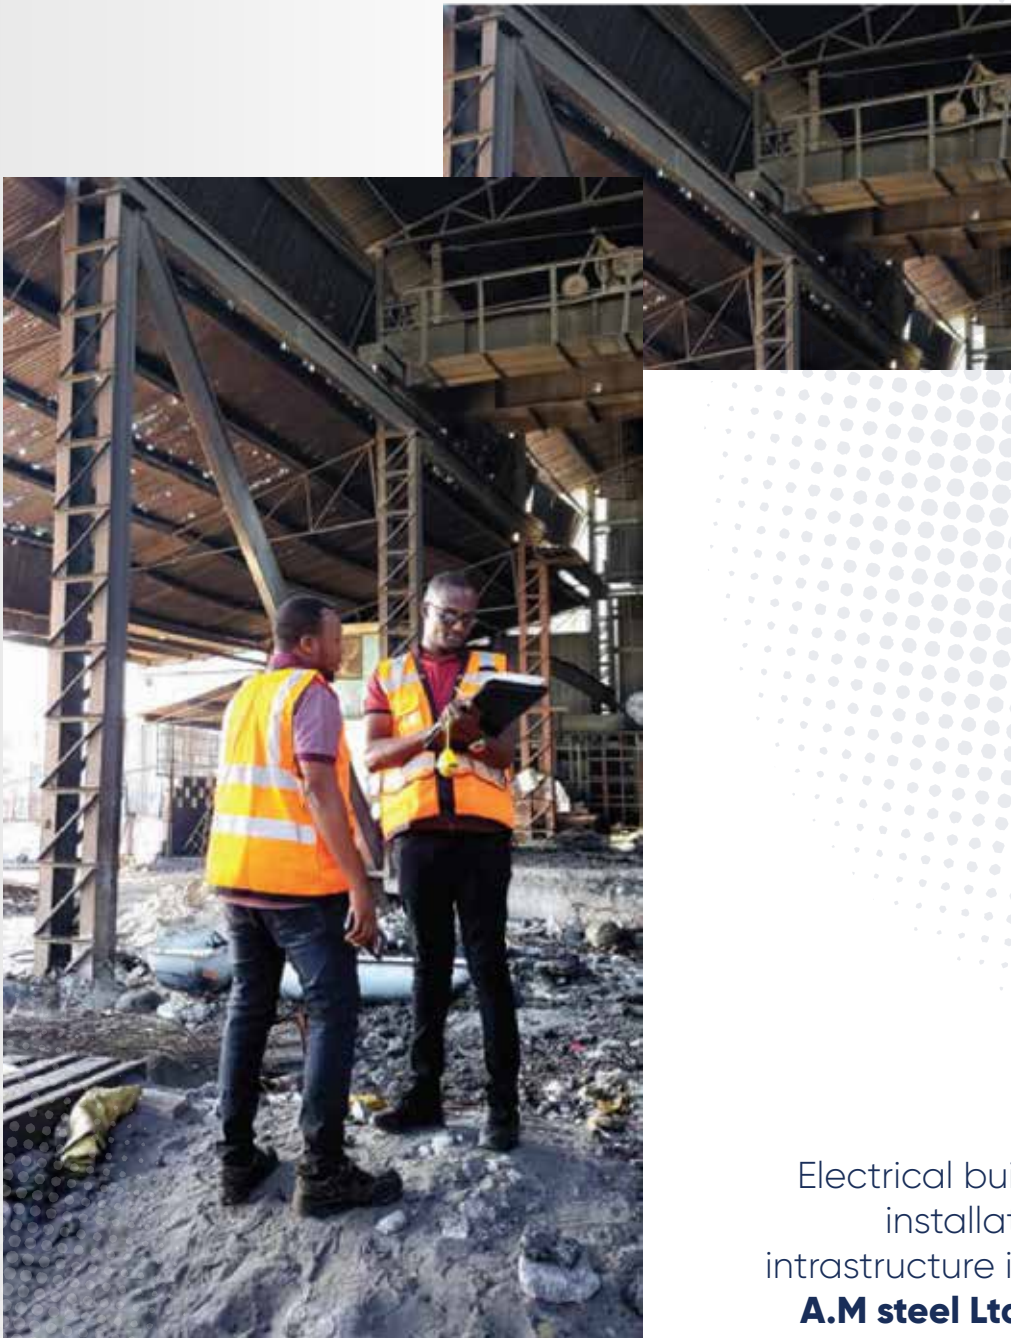

Reverse osmosis systems 6

Laundry systems 7

PROJECTS

Some of Projects done by
Kimfort Engineering

Electrical building design and
installation of electrical
infrastructure in steel factory at
**A.M steel Ltd - Mbagala DSM
Tanzania**

Wall put mixing and automatic packing machine designed by KIMFORT ENGINEERING Ltd at **Billion Dollars company Ltd**

250KVAR Powerfactor correction
Installation at **Modern Flexible Ltd**
Dar es salaam Tanzania

Commissioning of 20HP
water chilling system at
Silverlands Ltd
Iringa Tanzania

Electrical installation in poultry slaughter machine Complete line factory at **Hill group Ltd Bagamoyo Pwani Tanzania**

Power Factor Correction Service at
Creative Packaging Ltd
Chang'ombe , Mbozi Rd
Dar es salaam

900KVA Generator
Installation Service

340kw Power distribution House Panels installation and PLC programming at **Hill group Ltd Bagamoyo Pwani Tanzania**

1010KVA Generator service at **Hester Biosciences LTD in Pwani Tanzania**

One of the hatchery projects that was managed and implemented by Kimfort Engineering Ltd in Arusha at Silverlands Ltd starting from HV to LV Installation, which was held in Tanzania and was fortunate to be visited by the Arusha Region Commissioner **Hon. John Mongela** Date 27-01-2023

From left Project Manager, **Mr. Jason**, **Hon John Mongela** , **Mwanamvua** Silverland representative, Government officer and The Last one Kimfort Field Engineer **Eng. Steven Kimonge**

PRODUCTS

- Solenoids Valves
- Pneumatic fittings
- Electrical panels
- PLC accessories
- RVC power factor controllers
- Power supply 220V-24V
- Angle Encoders
- HMI Devices
- Electric Relays DC,AC
- Electric control and protection devices
- Thermocouples
- Proximity Sensors
- Photo cells
- Hrs. Counter
- Capacitors
- Industrial plugs
- Level switch
- Pedal level indicators
- Transducers
- Variable frequency drives DC & AC
- Temperature controllers
- Pressure transmitter
- Temperature transmitter
